

Thursday 4th July

VOTE

MIKE GILBERT

If, like me, you feel the political system is broken and no longer represents you, lend me your vote.

If politics makes you bored or angry, please don't vote for a traditional political party that believes that the current system works. Vote for a person who knows it doesn't work. Vote for me: the only candidate at this election who wants to change this unfair system.

Your vote for me conveys to the establishment that you no longer want the status quo. Your vote for me is the first step in a journey toward real and meaningful political change.

I moved to Boston in 1992, raised my children here, have family ties to Skegness and have worked in the constituency.

I worked for the Civil Service and have seen first-hand the destruction of the public sector. I am now self-employed as a manual worker and an active community volunteer.

GILBERT, Mike
Boston & Skegness

4TH JULY VOTE MIKE GILBERT

Why we are in a political mess

Over the last 40 years, our country has been turned into a politician's paradise and hell for the rest of us. We have seen the slow destruction of our towns, cities and way of life. Change and decay on a scale that is only worse during wartime. Visit our website to see how we got here.

How we fix this political system

We need a new bus, not a new driver who thinks the existing system works. The fix comes from having a bottom-up system that listens and politicians who properly represent the people rather than their political party. Visit our website to learn how we can make this happen.

We don't need another political party

We need a peaceful revolution!

A BLUE REVOLUTION
